Federal Sexual Assault Services Grant Program Guidelines

Eligibility Criteria

The following information provides guidelines for the Federal Sexual Assault Services Grant Program (SASP). The SASP was created by the Federal Violence Against Women and Department of Justice Reauthorization Act of 2005 as established by 42 U.S.C. §14043g, *et seq.* The purpose of SASP is to provide intervention, advocacy, accompaniment (e.g., accompanying victims to court, medical facilities, police departments), support services, and related assistance to adult, youth, and child victims of sexual assault; family and household members of sexual assault victims; and those collaterally affected by the sexual assault victimization.

This grant program recognizes the need to place increased focus on sexual assault in order to address the lack of available direct intervention and related assistance services and the unique aspects of sexual assault trauma. Women and men of all ages, as well as children, can be victims of sexual assault. The perpetrator can be a relative, acquaintance (e.g., boyfriend/girlfriend, friend, coworker, neighbor), or stranger.

To heal from the trauma, survivors often need support from family and friends, as well as critical direct intervention and related assistance provided by victim-centered social service organizations such as rape crisis centers, through 24-hour sexual assault hotlines, crisis intervention, and medical and criminal justice accompaniment. The SASP supports these services by assisting with the establishment, maintenance, and expansion of rape/sexual assault crisis centers and other nongovernmental or tribal programs dedicated to assisting those affected by sexual assault.

Available grant funds may be awarded to rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs for programs and activities that provide rape and sexual assault services for the defined grant project purposes to victims without regard to the age of the individual. Organizations must serve all sexual assault victims seeking services regardless of age. As a result, providers such as child advocacy centers whose mission is to serve children, are presumed ineligible for SASP funds unless documentation can be provided to demonstrate that the organization serves all ages. Nonprofit organizations must be registered with the Kansas Secretary of State and have proof of exempt status as determined by the Internal Revenue Service.

SASP funds will be awarded to provide direct intervention and related assistance that may include:

- 24-hour crisis intervention services and referrals;
- Accompaniment and advocacy through medical, criminal justice, and social support systems, including medical facilities, law enforcement, and court proceedings;
- Crisis intervention, short-term individual and group support services, and comprehensive service coordination and supervision to assist sexual assault victims and non-offending family or household members;

- Information and referral to assist victims and non-offending family or household members;
- Community-based, linguistically and culturally specific services and support mechanisms, including outreach activities for underserved communities; and
- Development and distribution of materials regarding issues related to the services described above.

Priority will be given to applicants that are rape/sexual assault crisis centers providing direct intervention and related assistance to victims/survivors; to dual programs that provide sexual assault and domestic violence services to enhance the provision of direct intervention and related assistance services tailored for victims of sexual assault; and for projects that increase support for underserved populations.

Applicants are encouraged to allocate grant funds to support activities that help to ensure that individuals with disabilities and persons with limited English proficiency or are Deaf or hard of hearing have meaningful and full access to programs and services. Applicants proposing to use grant funds to create materials must ensure that they are accessible to persons with disabilities.

Activities That May Compromise Victim Safety

Ensuring victim safety is a guiding principle underlying the SASP grant. Experience shows responses by the authorities may have the effect of minimizing or trivializing the offender's criminal behavior. Accordingly, consistent with the goals of ensuring victim safety while holding perpetrators accountable for the criminal conduct, applicants are strongly discouraged from proposing grant projects that include any activities that may jeopardize victim safety, deter or prevent physical or emotional healing, or allow offenders to escape responsibility for their actions. Such activities include:

- Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, relationship to the perpetrator, or the age and/or gender of their children;
- Procedures or policies that compromise the confidentiality of information and privacy of persons receiving services without the documented consent of the victim;
- Procedures or policies that impose requirements on victims in order to receive services (e.g. seek an order of protection, receive counseling, participate in couples counseling or mediation, report to law enforcement, seek civil or criminal remedies, etc.);
- Procedures or policies that fail to include conducting safety planning with victims;
- Project design and budget that fail to account for the access needs of participants with disabilities and participants who have limited English proficiency or who are Deaf or hard of hearing;
- Materials that are not tailored to the dynamics of sexual assault or the culturally specific population to be served; and

- Policies that deny individuals access to services based on their relationship to the perpetrator.

Limitations on the Use of Funds

The following limitations apply to the SASP grant program:

- Grant funds cannot be used for the following:
 - Sexual assault forensic examiner (SANE) projects;
 - Sexual assault response team (SART) projects;
 - Providing domestic violence services unrelated to sexual violence;
 - Criminal justice-related projects or activities, including law enforcement, prosecution, courts, or forensic interviews;
 - Prevention programs;
 - Education programs in schools;
 - Training of allied professionals and/or communities;
 - Lobbying;
 - Fundraising (including grant writing);
 - Research projects;
 - Construction and property/land acquisitions;
 - Physical modifications to buildings, including minor renovations (such as painting or carpeting); and
 - Purchase of vehicles.
- Equipment and hardware are generally unallowable unless necessary and essential to the grant project's success. To the extent practicable, all equipment purchased with grant funds must be American made and the subgrantee must retain documentation of research conducted for such products. For purposes of this application and grant program, equipment is defined as assets with a useful life of one year or more and a cost of \$500 or more.
- Grant funds shall not be used for applying for, auditing, or administering this grant; grant writing; board development; or for any training directed at any of these subject areas.
- Grant funds cannot be used to pay for magazine subscriptions, printing or disseminating agency newsletters, or membership dues or fees.
- Grant project funds cannot be used as direct payment to any victim or dependent of a victim of domestic violence, dating violence, sexual assault, or stalking. The use of gift cards for victims or their dependents is not an allowable expenditure.
- Grant funds used for fringe benefit costs shall not be charged to the project at an amount exceeding the proportion of personnel costs supported by SASP grant project funds.

- Grant funds for training or conference attendance outside the State of Kansas are generally not allowed unless necessary and essential to the grant project's success. The applicant must demonstrate that comparable training is not available in Kansas.
- Grant funds shall not be used to purchase food and/or beverages for any meeting, conference, training, or other event. No food and/or beverages can be purchased with other funds that would constitute program income for a federal grant award. This restriction does not impact direct payment of per diem amounts to individuals in a travel status under the applicant's travel policy.
- Grant funds shall not be used to reimburse mileage, lodging, meal, and other travel expenses in excess of the applicant's approved policy rate or the current federal per diem rates, whichever is lower. If the applicant chooses to reimburse at a rate in excess of the current federal rate, per its agency policy, grant funds administered by the KGGP cannot be used to make up the difference.
- Construction, land and/or property acquisitions, modifications to buildings, or vehicle purchases are unallowable. This includes mortgage payments.

Misuse of grant funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under a grant, and civil and/or criminal penalties.

The use of grant project funds is prohibited for grant projects that offer a low probability of improving services to victims of sexual assault as determined by fiscal and grant project compliance reviews.

Supplanting

SASP funds shall be used to supplement, **not** supplant, other federal, state, or local funds that would otherwise be available for victims of sexual assault. The following guidelines should be used in determining the supplanting of funds. Although the examples provided below relate specifically to staffing scenarios, supplanting is not limited to personnel. Supplanting can occur in any budget line item if sufficient documentation cannot support that a SASP grant award has not replaced funds otherwise available for the same program or purpose.

Guidance Regarding Supplanting

Defined: To reduce federal, state, or local funds for an activity specifically because SASP grant funds are available (or expected to be available) to fund that same activity. SASP funds must be used to **supplement** existing federal, state, or local funds for program activities and may **not replace** federal, state, or local funds that have been appropriated or allocated for the same purpose. Additionally, SASP funds may not replace federal, state, or local funding that is required by law. In instances where a question of supplanting arises, the applicant or subgrantee may

be required to substantiate that the reduction in funding from other sources occurred for reasons other than the receipt or expected receipt of SASP funds.

Example 1 Organization A appropriated or otherwise secured funds in FY18 for salary and benefits for three crisis counselors. In FY18, Organization A is awarded SASP funds designated for the hiring of two additional crisis counselors. Organization A expended the SASP award as intended, and now has five crisis counselors.

In this scenario, Organization A has used SASP funds to supplement existing funds for program activities. Thus, supplanting has **not** occurred. If any of the crisis counselors had left the organization during FY18 and Organization A did not follow established recruitment procedures to replace these counselors, or utilized SASP funding for those positions for other purposes, supplanting **would** have occurred.

Example 2 Organization B appropriated or otherwise secured funds in FY17 for salary and benefits for three crisis counselors. Due to budget projections for FY18, Organization B expects to lay off two crisis counselors (facts that Organization B is able to substantiate). In FY18, Organization B is awarded SASP funds designated for the hiring of one additional crisis counselor. At the beginning of FY18, Organization B lays off one crisis counselor and uses SASP funds to continue the salary and benefits for the other crisis counselor.

In this scenario, Organization B will use SASP funds to pay the salary and benefits for the crisis counselor who would have been laid off but for the availability of SASP funds. Therefore, supplanting has **not** occurred.

Example 3 Organization C appropriates or otherwise secures funds in FY18 for salary and benefits for three crisis counselors. Organization C plans to use SASP funds to pay the salaries of two additional crisis counselors. Subsequently, however, Organization C opts to use two current experienced employees for this effort, and uses SASP funds to pay their salaries and benefits. In so doing, Organization C determined that the remaining employees could handle the services and did not attempt to backfill the positions.

In this scenario, by replacing existing funds with SASP funds, supplanting **has** occurred. Although Organization C may use experienced staff to fill the new SASP-funded crisis counselor positions, use of the SASP funds has not **supplemented** funds for program activities, but has **replaced** those funds through Organization C's decision not to hire replacements for staff designated for SASP-funded activities.

Grant Application Deadline

Grant applications must be submitted via the Grant Portal **by 11:59 p.m. December 5, 2017**. [Grant Portal instructions](#) for submitting applications via the Grant Portal are provided at the [KGGP Resource page](#).

Funding Availability and Project Period

The amount of funds available for grant awards is approximately **\$362,800**. Grant projects funded under SASP shall be for a period of 12 months from January 1, 2018 to December 31, 2018. Any funds not expended by December 31, 2018, must be returned to the KGGP.

Grant Recipient Compliance and Reporting Requirements

If SASP grant funds are awarded to the applicant, subgrantees will be expected to comply with the SASP grant program requirements set out in the grant assurances, reporting requirements, and any requirements arising as a result of a compliance review. The KGGP will conduct a compliance review of each SASP grant award. Failure to comply with these requirements may result in suspension or termination of grant funding.

In addition, subgrantees must comply with the provisions of the Federal Office of Management and Budget (OMB) Uniform Guidance for Federal Awards, [2 CFR Part 200](#) and the U.S. Department of Justice, Office of Justice Programs [Federal OJP Financial Guide](#) effective edition, which includes maintaining appropriate programmatic and financial records that fully disclose the amount and disposition of SASP funds. This includes, but is not limited to:

- Financial documentation for disbursements;
- Daily time and activity records specifying time and type of service devoted to allowable SASP activities;
- Grant project files;
- Job descriptions;
- Contracts for services;
- Statistical documentation; and
- Other records that facilitate an effective audit and grant analysis for compliance.

Agencies receiving a SASP grant are required to submit the following reports:

- **EEOP** Certification must be current with the U.S. Department of Justice, Office of Justice Programs, Office of Civil Rights.
- The **Five Most Highly Compensated Officers** Certification must be submitted to open the award.

- Monthly **Financial Status Report** provides fiscal information on expenditures made during the month. Monthly reimbursements are made based on these expenditure reports. These reports are due 20 calendar days after the end of each month or the first business day.
- Quarterly **Grant Project Narrative Report** provides a narrative description of the activities and services provided with grant funds. These reports are due 20 calendar days after the end of each calendar quarter or the first business day.
- The **Projection of Final Expenditures Report** is due October 20th or the first business day.
- An **Annual Progress Report** is due 20 days following the end of the grant project period.
- Any other reporting procedures that may be required by the federal government or the KGGP.

Subgrantees submitting late, incorrect, or incomplete reports will not receive payment until the next scheduled payments for grant programs. Repeatedly late reports, failure to submit reports or supporting documentation required by the grant assurances, or failure to respond to compliance review findings in the timeframe provided will result in the suspension of grant funds. The subgrantee must come into compliance with grant requirements before grant funds will be paid.

Copies of all financial and statistical supporting documentation must be maintained by the agency for a period of five years following the closeout of the grant award.

Prior Accomplishments

If the applicant received a 2017 SASP grant award, describe specific agency accomplishments from the previous period that were funded, in whole or in part, by SASP grant funds. Clearly state the 2017 approved Goals and Objectives and report the actual outcomes. Applicants must utilize the following format:

2017 Goal 1 –

2017 Actual Outcome -

Provide documented evidence and anecdotal examples that show how SASP-funded goals and objectives were met or how progress was made toward achieving the stated goals and objectives. Provide statistics that document the project’s performance and the timeframe represented by those statistics. Include the number of sexual assault victims served by the agency. Describe

any evaluations that were conducted, explain the results, and describe how that information will be used to support and enhance the grant project.

Problem Statement and Needs Assessment

The submission of an application presumes there is a definable problem that will be addressed by the requested grant funds. Provide a detailed explanation of the problem that will be addressed, either in whole or in part, with the requested grant funds. Provide data that supports the problem to be addressed in the grant application and site the source of the data provided. Describe how the grant funds will address the problem. Describe any needs assessment that was used to develop the problem statement, such as an evaluation of agency service activity or other assessment. If the applicant is comparing local data to state or national data, include information that either establishes the need locally or describes why the local community is limited in resources to address the problem.

Justification of Need for Grant Funds/Increase Request

All applicants must provide a justification of need for the grant funds requested. This justification must tie the financial need to the described problem statement and needs assessment. If the applicant received a 2017 SASP award, explain why grant funds are needed to support the continuation of the project and why other funds are not available to sustain the project. In addition, if the applicant is requesting a new budget line item or funding increase to line items from the previous grant award, explain the need for additional funds and what additional activities and/or services will be provided. Describe how the increase to or addition of the new line item(s) is not supplanting other funds, per the definition provided on page five of this document. If the expenses are existing agency costs or activities, the non-supplanting explanation must include a description of how they were previously supported and why that support cannot continue to be utilized. The applicant must ensure that any request for additional funds outlined in the Project Narrative corresponds to the grant project budget submitted. The applicant should state whether other funds have been sought to support the program and describe the outcome of those efforts.

Grant Project Goal(s) and Objectives

State the goal(s) of the proposed grant project. This should not be the goals of the entire agency, but should be specific to the proposed SASP-supported project. However, the goals for the grant project should be consistent with the mission and overall goals of the agency, as well as the results of the needs assessment.

List the objectives to be accomplished to achieve each goal listed. Objectives should be specific, measurable, realistic, and consistent with the goals of the grant project and cover a single event or outcome. Include the activities for each objective and explain how each objective will be measured. Specifically identify any evidence-based programs and/or practices being incorporated into the proposed objectives and activities. Visit the [KGGP Resource page](#) for more guidance on developing goals and measurable objectives.

Example (follow the format below):
