Federal State Access and Visitation Program Guidelines

Eligibility Criteria

The purpose of the SAVP grant is to increase, enhance, expand, or initiate grant projects that provide services and assistance to children and families in need of supervised exchange or visitation. Assistance may encompass a range of support services. Specific services provided and the specific target group should reflect local needs and priorities. Activities may include: on-site supervision, exchange monitoring, therapeutic supervision, recording observations of visits, referrals to other services, and educational parenting classes. Indicators such as number of staff assigned, the type of services provided, the number of children and families served, and the number of personnel and others trained may be used to evaluate the efficiency and impact of the proposed grant project. Only agencies that received funding during Fiscal Year 2018 are eligible.

The following information outlines eligibility criteria and requirements for application and administration of the Federal State Access and Visitation Program (SAVP) pursuant to P.L. 104-193. The Kansas Governor’s Grants Program (KGGP) establishes policies and procedures for the SAVP grant program, consistent with the requirements of the Federal SAVP Program. The KGGP has the discretion to be more restrictive regarding certain requirements.

Eligible applicants must receive 50 percent or more of their agency budget from sources other than funds distributed through this grant fund. Other sources may be public or private and may include contributions of goods or services, including materials, commodities, transportation, office space, or other types of facilities or personal services.

In addition, federal requirements state that eligible applicants must have in place, or must develop, protocols that ensure family violence safeguards. Applicants should provide the protocol as an attachment to the application if the protocol has been developed. If the protocol is not developed, it will be required as a special condition for receiving SAVP grant funds.

Non-federal matching contributions of 10 percent (cash or in-kind) of the total cost of the SAVP grant project (SAVP grant funds plus match) are required for each SAVP grant project and must be derived from non-federal sources.

Example:

<table>
<thead>
<tr>
<th>Total Grant Project Cost</th>
<th>= $50,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>90% Federal Share</td>
<td>= $45,000</td>
</tr>
<tr>
<td>10% Non-Federal Match</td>
<td>= $ 5,000</td>
</tr>
</tbody>
</table>

Limitations on the Use of Grant Funds

The following limitations apply to the SAVP grant program:

- Grant project funds shall only be used for personnel, fringe benefits, and travel/training budget categories, and contractual services specifically for security. These costs must be
necessary and essential to the grant project’s success. SAVP funds used for fringe benefit costs shall not exceed the proportion of personnel costs supported by SAVP funds.

- Grant project funds shall not be used for applying for or auditing this grant, fundraising, grant writing, lobbying, board development, or research projects or for any training directed at any of these subject areas.

- Grant project funds shall not be used to reimburse mileage, lodging, meal, and other travel expenses in excess of the applicant’s approved policy rate or the current federal per diem rates, whichever is lower. If the applicant chooses to reimburse at a rate in excess of the current federal rate, per its agency policy, grant funds administered by the KGGP cannot be used to make up the difference.

Misuse of grant funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under a grant, and civil and/or criminal penalties.

The use of grant project funds is prohibited for grant projects that offer a low probability of improving services to children and families as determined by fiscal and grant project compliance reviews.

**Supplanting**

SAVP funds shall be used to supplement, not supplant, other federal, state, or local funds that would otherwise be available to assist with supervised exchange and visitation services. The following guidelines should be used in determining the supplanting of funds. Although the examples provided below relate specifically to staffing scenarios, supplanting is not limited to personnel. Supplanting can occur in any budget line item if sufficient documentation cannot support that a SAVP grant award has not replaced funds otherwise available for the same program or purpose.

**Defined:** To reduce federal, state, or local funds for an activity specifically because SAVP funds are available (or expected to be available) to fund that same activity. SAVP funds must be used to supplement existing funds for program activities and may not replace federal, state, or local funds that have been appropriated or allocated for the same purpose. Additionally, SAVP funding may not replace federal, state, or local funding that is required by law. In instances where a question of supplanting arises, the applicant or grantee may be required to substantiate that the reduction in non-SAVP resources occurred for reasons other than the receipt or expected receipt of SAVP funds.

**Example 1** Organization A appropriated or otherwise secured funds in FY19 for salary and benefits for two visitation supervisors. In FY19, Organization A is awarded SAVP funds designated for the hiring of two additional visitation supervisors.
Organization A expended the SAVP funds as intended, and now has four visitation supervisors.

In this scenario, Organization A has used SAVP funds to supplement existing funds for program activities. Thus, supplanting has not occurred. If any of the visitation supervisors had left the organization during FY19 and Organization A did not follow established recruitment procedures to replace the visitation supervisors, or utilized SAVP funding for those positions for other purposes, supplanting would have occurred.

Example 2 Organization B appropriated or otherwise secured funds in FY18 for salary and benefits for two visitation supervisors. Due to budget projections for FY19, Organization B expects to lay off one visitation supervisor (facts that Organization B is able to substantiate). In FY19, Organization B is awarded SAVP funds designated for hiring one additional visitation supervisor. At the beginning of FY19, Organization B lays off one visitation supervisor and uses SAVP funds to continue the salary and benefits for the other visitation supervisor.

In this scenario, Organization B will use SAVP funds to pay the salary and benefits for one visitation supervisor who would have been laid off but for the availability of SAVP funds. Therefore, supplanting has not occurred.

Example 3 Organization C appropriates or otherwise secures funds in FY19 for salary and benefits for two visitation supervisors. Organization C plans to use SAVP funds to pay the salaries of two additional visitation supervisors. Subsequently, however, Organization C opts to use two current experienced employees for this effort, and uses SAVP funds to pay their salaries and benefits. In doing so, Organization C determines that the remaining employees could handle the services and did not attempt to backfill the positions.

In this scenario, by replacing existing funds with SAVP funds, supplanting has occurred. Although Organization C may use experienced staff to fill the new SAVP-funded visitation supervisor positions, use of the SAVP funds has not supplemented funds for program activities, but has replaced those funds through Organization C’s decision not to hire replacements for staff designated for SAVP-funded activities.

**Grant Application Deadline**

Grant applications must be submitted via the Grant Portal by 11:59 p.m. September 27, 2018. Grant Portal instructions for submitting applications via the Grant Portal are provided at the KGGP Resource page.
Grant Project Period

Grant projects funded by this grant program shall be for a period of 12 months from October 1, 2018, to September 30, 2019. Any funds not expended by September 30, 2019, must be returned to the KGGP.

Grant Recipient Compliance and Reporting Requirements

If SAVP funds are awarded to the applicant, subgrantees will be expected to comply with the SAVP grant program requirements set out in the grant assurances, reporting requirements, and any requirements arising as a result of a compliance review. The KGGP will conduct a compliance review of each SAVP award. Failure to comply with these requirements may result in suspension or termination of grant funding.

In addition, subgrantees must comply with the provisions of the Federal Office of Management and Budget (OMB) Uniform Guidance for Federal Awards, 2 CFR Part 200 and applicable administrative requirements, cost principles, and common rules as required by SAVP, the U.S. Department of Health and Human Services, and the KGGP, which includes maintaining appropriate programmatic and financial records that fully disclose the amount and disposition of SAVP funds. This includes, but is not limited to:

- Financial documentation for disbursements;
- Daily time and activity records specifying time and type of service devoted to allowable SAVP activities;
- Grant project files;
- The portion of the grant project supplied by other sources of revenue;
- Job descriptions;
- Contracts for services;
- Statistical documentation; and
- Other records that facilitate an effective audit and grant analysis for compliance.

Agencies receiving a SAVP award are required to submit the following reports:

- The Five Most Highly Compensated Officers Certification must be submitted to open the award.

- Monthly Financial Status Report provides fiscal information on expenditures made during the month. Monthly reimbursements are made based on these expenditure reports. These reports are due 15 calendar days after the end of each month or the first business day.

- The Program Income/Expenditure Report provides information regarding program income/expenditures incurred during the reporting period as a result of the delivery of
SAVP-funded activities. Reports are due 15 calendar days after the end of each quarter or the first business day.

- Quarterly **Grant Project Statistical Report** (due 15 days after each calendar quarter or the first business day) and annual **Federal Statistical Report** (due 15 days after the end of the 12-month grant project period or the first business day) provides statistical information on children and families being served.

- Quarterly **Grant Project Narrative Report** provides a narrative description of the activities and services provided with grant funds. Reports are due 15 calendar days after the end of each calendar quarter grant project period or the first business day.

- The **Projection of Final Expenditures Report** is due July 15th or the first business day.

- Any other reporting procedures that may be required by the federal government or the KGGP.

Subgrantees submitting late, incorrect, or incomplete reports will not receive payment until the next scheduled payments for grant programs. Repeatedly late reports, failure to submit reports or supporting documentation required by the grant assurances, or failure to respond to compliance review findings in the timeframe provided will result in the suspension of grant funds. The subgrantee must come into compliance with grant requirements before grant funds will be paid.

Copies of all financial and statistical supporting documentation must be maintained by the agency for a period of five years following the closeout of the grant award.

**Conditions of Grant Award**

If Federal SAVP grant funds are awarded, subrecipients must comply with the Child Exchange and Visitation Center Guidelines developed by the Office of the Kansas Attorney General. All approved applicants are responsible for providing the KGGP with a copy of any revisions and/or updates to the agency’s operations manual.

**Review of Applications**

KGGP staff will review applications for completeness, ensuring requirements are met and that proposed budgetary and programmatic information is allowable, reasonable, understandable, measurable, and achievable. Applications submitted incomplete, with *any* missing components or information, will receive consideration only after all other successfully completed applications have been considered. Applicants will be notified via the Grant Portal of the grant award decision.

General Information

Project Narrative

The following items must be included in the Project Narrative. Include each item in the order listed below and clearly label each section.

Prior Accomplishments
If the applicant received a 2018 SAVP grant award, describe specific agency accomplishments from the previous period that were funded, in whole or in part, by SAVP grant project funds. Clearly state the 2018 approved Goals and Objectives and report the actual outcomes to date. Applicants must utilize the following format:
Provide documented evidence and anecdotal examples that show how SAVP-funded goals and objectives were met or how progress was made toward achieving the stated goals and objectives. Provide statistics that document the project’s performance and the timeframe represented by those statistics. Include the number of children and families served by the agency. Describe any evaluations that were conducted, explain the results, and describe how that information will be used to support and enhance the grant project.

**Problem Statement and Needs Assessment**
The submission of an application presumes there is a definable problem that will be addressed by the requested grant funds. Provide a detailed explanation of the problem that will be addressed, either in whole or in part, with the requested grant funds. Provide data that supports the problem to be addressed in the grant application and cite the source of the data provided. Describe how the grant funds will address the problem. Describe any needs assessment that was used to develop the problem statement, such as an evaluation of agency service activity or other assessment. If the applicant is comparing local data to state or national data, include information that either establishes the need locally or describes why the local community is limited in resources to address the problem.

**Justification of Need for Grant Funds/Increase Request**
All applicants must provide a justification of need for the grant funds requested. This justification must tie the financial need to the described problem statement and needs assessment. Explain why grant funds are needed to support the continuation of the project and why other funds are not available to support the project. In addition, if the applicant is requesting a new budget line item or funding increase to line items from the previous grant award, explain the need for additional funds and what additional activities and/or services will be provided. Describe how the increase to or addition of the new line item(s) is not supplanting other funds, per the definition provided on page 3 of this document. If the expenses are existing agency costs or activities, the non-supplanting explanation must include a description of how they were previously supported and why that support cannot continue to be utilized. The applicant must ensure that any request for additional funds outlined in the Project Narrative corresponds to the grant project budget submitted. The applicant should state whether other funds have been sought to support the program and describe the outcome of those efforts.

**Grant Project Goal(s) and Objectives**
State the goal(s) of the proposed grant project. This should not be the goals of the entire agency, but should be specific to the proposed SAVP-supported project. However, the goals for the grant project should be consistent with the mission and overall goals of the agency, as well as the results of any needs assessment.

List the objectives to be accomplished to achieve each goal listed. Objectives should be specific, measurable, realistic, and consistent with the goals of the grant project and cover a single event or outcome. Include the activities for each objective and explain how each objective will be
measured. Specifically identify any evidence-based programs and/or practices being incorporated into the proposed objectives and activities. Visit the [KGGP Resource page](#) for more guidance on developing goals and measurable objectives.

Personnel must be listed by the agency-assigned title for the position. Positions should be classified as “New” only if the requested position would be a new position for the agency. Personnel and associated fringe benefit costs must be demonstrated in terms of full compensation and the percentage of time to be devoted to the SAVP grant project for each position requested. Fringe benefit costs shall not be allocated to a position at a rate exceeding the portion of personnel costs requested in the SAVP Personnel category. Training events and

The applicant must read, sign, and upload the two required certification forms regarding lobbying; debarment, suspension, and other responsibility matters; and drug-free workplace requirements and regarding environmental tobacco smoke. The certification forms are on the following pages of this document.
BY SIGNING AND SUBMITTING THE ATTACHED CERTIFICATIONS, THE PROSPECTIVE LOWER TIER PARTICIPANT (APPLICANT) IS DEMONSTRATING THEIR UNDERSTANDING AND ACCEPTANCE OF THE FOLLOWING MATERIAL:

1. The certifications are a material representation of fact upon which reliance is placed when this transaction is entered. If it is later determined that the prospective lower tier participant (hereinafter “participant”) knowingly rendered an erroneous certification, or otherwise violates the requirements of a certificate, in addition to other remedies available to the Federal Government, the U.S. Department of Health and Human Services may pursue available remedies, including suspension and/or debarment.

2. The participant shall provide immediate written notice to the Kansas Governor’s Grants Program if at any time the participant learns that a certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

3. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Orders 12549 and 12689, and in 2 CFR Part 376 and 2 CFR Part 180, Subpart I. The terms controlled substance, conviction, criminal drug statute, and drug-free workplace have the meanings set out in the Drug-Free Workplace Act of 1988, 41 U.S. Code § 8101. The terms children’s services and indoor facility have the meanings set out in the Pro-Children Act of 1994 (re-authorized under the No Child Left Behind Act of 2001, Pub. L. 107–110), and amendments thereto and as defined by 20 U.S. Code § 7182 and as defined by the U.S. Department of Health and Human Services. You may contact the Kansas Governor’s Grants Program for assistance in obtaining a copy of these regulations.

4. The participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the U.S. Department of Health and Human Services.

5. The participant further agrees by submitting this proposal that it will include the “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations
for lower tier covered transactions. The participant also agrees to include the “Certification Regarding Environmental Tobacco Smoke” in all subawards which contain provisions for the children’s services and that all subgrantees shall certify accordingly.

6. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant, may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

7. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

8. Except for transactions authorized under paragraph 4 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the U.S. Department of Health and Human Services may pursue available remedies, including suspension and/or debarment.

9. The participant agrees to provide a drug-free workplace by:
   (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the participant’s workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   (b) Establishing an on-going drug-free awareness program to inform employees about--
      (1) The dangers of drug abuse in the workplace;
      (2) The participant’s policy of maintaining a drug-free workplace;
      (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
      (4) The penalties that may be imposed upon employees of drug abuse violations occurring in the workplace;
   (c) Making it a requirement that each employee that will be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will abide by the terms of the statement and notify the participant in writing of a conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   (e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Participants of convicted employees must provide notice, including position title and identification number(s) of each affected grant, to the Kansas Governor’s Grants Program;
(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted--

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.
CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION FOR LOWER TIER COVERED TRANSACTIONS AND DRUG-FREE WORKPLACE

Applicants should review the instructions for certification before completing this form. Public Law 103-227, Part C Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994, (re-authorized under the No Child Left Behind Act of 2001, Pub. L. 107–110), and amendments thereto (20 U.S.C. §§ 7181-7184), requires that smoking not be permitted in any portion of any indoor facility routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by the Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children’s services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for impatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 per day and/or the imposition of an administrative compliance order on the responsible entity. By signing and submitting this application the subgrantee certifies that it will comply with the requirements of this Act.
