Federal Sexual Assault Services Grant Program Guidelines

Overview

The following information provides guidelines for the Federal Sexual Assault Services Grant Program (SASP). The SASP is authorized by 34 U.S.C. §12511 and was created by the Federal Violence Against Women (OVW) and Department of Justice Reauthorization Act of 2005, as amended by the technical amendments to that act. The purpose of SASP is to provide intervention, advocacy, accompaniment (e.g., accompanying victims to court, medical facilities, police departments), support services, and related assistance to adult, youth, and child victims of sexual assault; family and household members of sexual assault victims; and those collaterally affected by the sexual assault victimization.

This grant program recognizes the need to place increased focus on sexual assault, rape, sex trafficking, and other severe forms of trafficking in persons who have also experienced sexual assault in order to address the lack of available direct intervention and related assistance services and the unique aspects of sexual assault trauma. Women and men of all ages, as well as children, can be victims of sexual assault. The perpetrator can be a relative, acquaintance (e.g., boyfriend/girlfriend, friend, coworker, neighbor), or stranger.

To heal from the trauma, survivors often need support from family and friends, as well as critical direct intervention and related assistance provided by victim-centered social service organizations such as rape crisis centers, through 24-hour sexual assault hotlines, crisis intervention, and medical and criminal justice accompaniment. The SASP supports these services by assisting with the establishment, maintenance, and expansion of rape/sexual assault crisis centers and other nongovernmental or tribal programs dedicated to assisting those affected by sexual assault.

Funding Availability and Project Period

The amount of funds available for grant awards is approximately $388,250. Grant projects funded under SASP shall be for a period of 12 months from January 1, 2020, to December 31, 2020. Any funds not expended by December 31, 2020, must be returned to the KGGP.

Grant Application Deadline

Grant applications must be submitted via the Grant Portal by 11:59 p.m. December 4, 2019. Grant Portal instructions for submitting applications via the Grant Portal are provided at the KGGP Resource page.

Use of Grant Funds

Available grant funds may be awarded to rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs for programs and activities that provide rape and sexual assault services for the defined grant project purposes to victims without regard to the age of the
individual. Organizations must serve all sexual assault victims seeking services regardless of age. All applicants must be accredited or be in the process of accreditation by the Kansas Coalition Against Sexual and Domestic Violence (KCSDV). As a result, providers such as child advocacy centers whose mission is to serve children, are presumed ineligible for SASP funds unless documentation can be provided to demonstrate that the organization serves all ages and is accredited by KCSDV. Nonprofit organizations must be registered with the Kansas Secretary of State and have proof of exempt status as determined by the Internal Revenue Service.

Grant funds will be awarded to provide direct intervention and related assistance that may include:

- 24-hour crisis intervention services and referrals;
- Accompaniment and advocacy through medical, criminal justice, and social support systems, including medical facilities, law enforcement, and court proceedings;
- Crisis intervention, short-term individual and group support services, and comprehensive service coordination and supervision to assist sexual assault victims and family or household members;
- Information and referral to assist sexual assault victims and family or household members;
- Community-based, culturally specific services and support mechanisms, including outreach activities for underserved communities; and
- Development and distribution of materials regarding issues related to the services described above.

Priority will be given to applicants that are rape/sexual assault crisis centers providing direct intervention and related assistance to victims/survivors; to dual programs that provide sexual assault and domestic violence services to enhance the provision of direct intervention and related assistance services tailored for victims of sexual assault; and for projects that increase support for underserved populations. Applicants are strongly encouraged to review the Kansas STOP Violence Against Women Implementation Plan and consider how the proposed SASP project fits into the described Kansas priorities, approaches, and goals of the State Strategy.

Applicants are encouraged to allocate grant funds to support activities that help to ensure individuals with disabilities and persons with limited English proficiency or are Deaf or hard of hearing have meaningful and full access to programs and services. Applicants proposing to use grant funds to create materials must ensure they are accessible to persons with disabilities.

**Limitations on the Use of Grant Funds**

SASP grant funds cannot be used for the following:

- Sexual assault forensic examiner (SANE) projects or programs;
- Sexual assault response team (SART) projects or coordination;
- Providing domestic violence services unrelated to sexual violence;
- Criminal justice-related projects or activities, including law enforcement, prosecution, courts, or forensic interviews;
- Prevention efforts and public education;
- Education programs in schools;
• Training of allied professionals and/or communities;
• Lobbying;
• Fundraising (including grant writing);
• Research projects;
• Applying for, auditing, or administering this grant; grant writing; board development; or for any training directed at any of these subject areas;
• Magazine subscriptions, printing or disseminating agency newsletters, or membership dues or fees;
• Construction; land and/or property acquisitions; modifications to buildings, including minor renovations (such as painting or carpeting); or vehicle purchases. (This includes mortgage payments); or
• Providing direct payment to any victim or dependent of a victim of domestic violence, dating violence, sexual assault, or stalking. The use of gift cards for victims or their dependents is not an allowable expenditure.

Food and Beverages
Purchasing food and/or beverages for any meeting, conference, training, or other event is not allowed. No food and/or beverages can be purchased with other funds that would constitute program income for a federal grant award. This restriction does not impact direct payment of per diem amounts to staff in a travel status under the applicant’s travel policy.

Mileage
Grant project funds shall not be used to reimburse mileage expenses in excess of the applicant’s approved policy rate or the current federal per diem rates, whichever is lower. If the applicant chooses to reimburse at a rate in excess of the current federal rate, per its agency policy, grant funds administered by the KGGP cannot be used to make up the difference.

Equipment
Grant project funds are not allowed to purchase equipment and hardware unless necessary and essential to the grant project’s success. For purposes of this application and grant program, equipment is defined as assets with a useful life of one year or more and a cost of $5,000 or more.

Fringe Benefits
Grant project funds used for fringe benefit costs shall not be charged to the project at an amount exceeding the proportion of personnel costs supported by SASP funds.

Training
Grant project funds for training or conference attendance outside the State of Kansas are not allowed unless necessary and essential to the grant project's success. The applicant must demonstrate comparable training is not available in Kansas.

Activities that Compromise Victim Safety
Ensuring victim safety is a guiding principle underlying the SASP grant. Experience shows responses by the authorities may have the effect of minimizing or trivializing the offender’s criminal behavior. Consistent with the SASP goals of ensuring victim safety while holding perpetrators accountable for the criminal conduct, OVW does not fund activities that jeopardize
victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Such activities include:

- Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, income or lack of income, or the age and/or gender of their children;
- Procedures or policies that compromise the confidentiality of information and/or privacy of persons receiving services;
- Procedures or policies that requirement victims to take certain actions in order to receive services (e.g. seek an order of protection, receive counseling, participate in couples counseling or mediation, report to law enforcement, seek civil or criminal remedies, etc.);
- Procedures or policies that fail to include conducting safety planning with victims;
- Project design and budget that fail to account for the access needs of participants with disabilities and participants who have limited English proficiency or who are Deaf or hard of hearing; and
- Materials that are not tailored to the dynamics of sexual assault or the culturally specific population to be served.

Misuse of grant funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under a grant, and civil and/or criminal penalties.

**Supplanting**

SASP funds shall be used to supplement, not supplant, other federal, state, or local funds that would otherwise be available for victims of sexual assault. The following guidelines should be used in determining the supplanting of funds. Although the examples provided below relate specifically to staffing scenarios, supplanting is not limited to personnel. Supplanting can occur in any budget line item if sufficient documentation cannot support that a SASP grant award has not replaced funds otherwise available for the same program or purpose.

**Guidance Regarding Supplanting**

**Defined:**

To reduce federal, state, or local funds for an activity specifically because SASP grant funds are available (or expected to be available) to fund that same activity. SASP funds must be used to supplement existing federal, state, or local funds for program activities and may not replace federal, state, or local funds that have been appropriated or allocated for the same purpose. Additionally, SASP funding may not replace federal, state, or local funding that is required by law. In instances where a question of supplanting arises, the applicant or grantee may be required to substantiate that the reduction in non-SASP resources occurred for reasons other than the receipt or expected receipt of SASP funds.
Example 1  Organization A appropriated or otherwise secured funds in FY20 for salary and benefits for three crisis counselors. In FY20, Organization A is awarded SASP funds designated for the hiring of two additional crisis counselors. Organization A expended the SASP funds as intended, and now has five crisis counselors.

In this scenario, Organization A has used SASP funds to supplement existing funds for program activities. Thus, supplanting has not occurred. If any of the crisis counselors had left the organization during FY20 and Organization A did not follow established recruitment procedures to replace the crisis counselors or utilized SASP funding for those positions for other purposes, supplanting would have occurred.

Example 2  Organization B appropriated or otherwise secured funds in FY19 for salary and benefits for three crisis counselors. Due to budget projections for FY20, Organization B expects to lay off two crisis counselors (facts that Organization B is able to substantiate). In FY20, Organization B is awarded SASP funds designated for hiring one additional crisis counselor. At the beginning of FY20, Organization B lays off one crisis counselor and uses SASP funds to continue the salary and benefits for the other crisis counselor.

In this scenario, Organization B will use SASP funds to pay the salary and benefits for the one crisis counselor who would have been laid off but for the availability of SASP funds. Therefore, supplanting has not occurred.

Example 3  Organization C appropriates or otherwise secures funds in FY20 for salary and benefits for three crisis counselors. Organization C plans to use SASP funds to pay the salaries of two additional crisis counselors. Subsequently, however, Organization C opts to use two current experienced employees for this effort, and uses SASP funds to pay their salaries and benefits. In so doing, Organization C determined that the remaining employees could handle the services and did not attempt to backfill the positions.

In this scenario, by replacing existing funds with SASP funds, supplanting has occurred. Although Organization C may use experienced staff to fill the new SASP-funded crisis counselor positions, use of the SASP funds has not supplemented funds for program activities, but has replaced those funds through Organization C’s decision not to hire replacements for staff designated for SASP-funded activities.

Grant Recipient Compliance and Reporting Requirements

Applicants awarded SASP funds are expected to comply with the SASP grant program requirements set out in the grant assurances, reporting requirements, and any requirements arising as a result of a compliance review. The KGGP will conduct a compliance review of each SASP
award. Failure to comply with these requirements may result in suspension or termination of grant funding.

In addition, subgrantees must comply with the provisions of the Federal Office of Management and Budget (OMB) Uniform Guidance for Federal Awards, 2 C.F.R. Part 200; and the U.S. Department of Justice DOJ Grants Financial Guide effective edition, which includes maintaining appropriate programmatic and financial records that fully disclose the amount and disposition of SASP funds. This includes, but is not limited to:

- Financial documentation for disbursements;
- Daily time and activity records specifying time and type of service devoted to allowable SASP activities;
- Grant project files;
- The portion of the grant project supplied by other sources of revenue;
- Job descriptions;
- Contracts for services;
- Statistical documentation; and
- Other records that facilitate an effective audit, and grant analysis for compliance.

Agencies receiving a SASP grant are required to submit the following reports:

- Copy of the current EEOP Certification verifying such has been submitted to the U.S. Department of Justice, Office of Justice Programs, Office of Civil Rights.

- **Five Most Highly Compensated Officers Certification** must be submitted to open the award.

- Monthly Financial Status Report provides fiscal information on expenditures made during the month. Monthly reimbursements are made based on these expenditure reports. These reports are due 20 calendar days after the end of each month.

- Quarterly Grant Project Narrative Report provides a narrative description of the activities and services provided with grant funds. Reports are due 20 calendar days after the end of each calendar quarter.

- The **Projection of Final Expenditures Report** is due October 20th.

- The **Annual Progress Report** is due 20 days following the end of the grant project period.

Any other reports that may be required by the federal government or the KGPG.

Agencies submitting late, incorrect, or incomplete reports will not receive payment until the next scheduled payments for grant programs. Repeatedly late reports, failure to submit reports or supporting documentation required by the grant assurances, or failure to respond to compliance review findings in the timeframe provided will result in the suspension of grant funds.
Copies of all financial and statistical supporting documentation must be maintained by the agency for a period of five years following the closeout of the grant award.

**Review of Applications**

A grant review committee may assist the KGGP in determining grant awards for the Federal SASP grant program. Applicants will be notified via the Grant Portal of the grant award decision. Please do not call regarding the status of an application.

Each grant application will be evaluated using the following criteria:
- Applicant’s support of the goals and objectives of the [Kansas STOP Violence Against Women Implementation Plan](#);

Provide a detailed explanation of the problem that will be addressed, either in whole or in part, with the requested grant funds. Provide data supporting the problem to be addressed in the grant application and site the source of the data provided. Describe how the grant funds will address the problem. Justification of Need for Grant Funds/Increase Request
Applicants must explain why SASP funds are needed to support the grant project. This justification must tie the financial need to the described problem statement and needs assessment. If the applicant received a 2019 SASP award, explain why grant funds are needed to support the continuation of the project and why other funds are not available to sustain the project. In addition, if the applicant is requesting a new budget line item or funding increase to line items from the previous grant award, explain the need for additional funds and what additional activities and/or services will be provided. Describe how the increase or addition of the new line item(s) is not supplanting other funds, per the definition in Supplanting section of application. The applicant must ensure any request for additional funds outlined in the Project Narrative corresponds to the grant project budget submitted. The applicant should state whether other funds have been sought to support the program and describe the outcome of those efforts.

List the objectives to be accomplished to achieve each goal listed. Objectives should be specific, measurable, realistic, and consistent with the goals of the grant project and cover a single event or outcome. Include the activities for each objective and explain how each objective will be
measured. Specifically identify any evidence-based programs and/or practices being incorporated into the proposed objectives and activities. Visit the KGPG Resource page for more guidance on developing goals and measurable objectives.
