State Children's Advocacy Centers Grant Program Guidelines

Overview

The State Children's Advocacy Centers (CAC) Grant Program, established with state general funds, supports Children's Advocacy Centers (CACs). CACs are child-focused, community-oriented programs that coordinate investigation and intervention services for abused children using a comprehensive, multidisciplinary team (MDT) model. Using an MDT approach, professionals meet, discuss, and determine the investigation, treatment, and prosecution of child abuse cases. CACs provide a safe, neutral environment for children to discuss their abuse. This unique collaboration model ensures children are not re-victimized by the very system designed to protect them and to bring greater accountability to the system. Additional criteria for CACs can be found at K.S.A. 38-2227 and amendments thereto and the National Children's Alliance Accreditation Standards at www.nationalchildrensalliance.org.

The Children's Advocacy Centers of Kansas, Inc. (CAC of KS) works with the KGGP to implement and provide technical assistance and training for the CAC Grant Program. Applicants awarded funding are required to work closely with the CAC of KS to ensure the criteria outlined in the grant guidelines and requirements are met.

The distribution of grant funds is contingent upon receipt of adequate funds and appropriations. Applicants must be in good standing with meeting the accreditation standards and in compliance with the requirements of the CAC grant program.

Funding Availability and Grant Project Period

Although the final state budget has not been signed by the Governor as of the release date of this solicitation, funding availability for the Fiscal Year (FY) 2023 is estimated to be approximately the same as in FY 2022. Therefore, only FY 2022 CAC grant recipients may apply. **Applicants should develop their budget request with the goal of maintaining level funding to the best of their ability. To be considered for a FY 2023 award, applicants must be in good standing with current grant awards.**

Grant projects funded under this grant program shall be for a period of 12 months from July 1, 2022, to June 30, 2023. Any funds not obligated by June 30, 2023, must be returned to the KGGP.

Grant Application Deadline

Grant applications must be submitted via the [Grant Portal](#) by **11:59 p.m. April 29, 2022.**

Information Required to be Submitted to the CAC of KS - (Word and/or PDF formats accepted)

The applicant must ensure the CAC of KS has current information on file regarding agency protocol and interagency agreements. Information must be submitted electronically to the CAC of KS. The CAC of KS will notify the KGGP if the applicant meets the requirements and submitted the proper information.

Information Required to be Submitted to the CAC of KS - (Word and/or PDF formats accepted)

- Copy of current CAC protocol (guidelines) approved by the MDT(s) in the CAC’s service area.
- Copy of Interagency Agreement/Memorandum of Understanding with each county that signifies the MDT’s commitment to working within the team-developed protocol (guidelines). These documents must be dated and signed by each member of the MDT.

Funding Requirements

There is no match requirement to receive funds from this grant program. However, an eligible applicant must receive 20 percent or more of its CAC program budget from sources other than this grant fund. Other sources may be public or private and may include contributions of goods or services, including materials, commodities, transportation, office space, or other types of facilities or personnel services.

Use of Grant Funds

Allowable costs are those that are essential to continue, enhance, or expand the multidisciplinary model of comprehensive CACs. Examples of allowable costs include, but are not limited to:

- Personnel and related fringe benefits expenses;
- On-going operating expenses such as rent and liability insurance that are essential to the provision of CAC services;
- Payment for agency membership dues or fees to state or national children’s advocacy organizations; and
- A pro-rated portion of operating costs, such as audit and accounting expenses.

For CACs under the umbrella of a larger agency, operating costs must be pro-rated to be specific to the CAC services only. Applicants must include funds in the proposed budget for attending meetings of the CAC of KS (such as mileage reimbursement), unless those expenses are covered by other sources.

Limitations on the Use of Grant Funds

CAC funds cannot be used for the following:

- Magazine subscriptions or to print or disseminate agency newsletters.
- Individual professional membership dues or fees other than to state or national children’s advocacy organizations as stated above.

- Direct payment to any victim or caregiver of a victim of child physical or sexual abuse.
- Gift cards for victims or their caregiver.
- Fundraising, lobbying, board development, or research projects or for training directed at any of these subject areas. However, grant funds may be used to pay for costs incurred specifically for preparing this CAC grant application.
- Construction, land and/or property acquisitions, or vehicle purchases. This includes mortgage payments.

Travel-Related Expenses

Reimbursing mileage and meal travel-related expenses in excess of the applicant’s approved policy rate or the current state per diem rates, whichever is lower. If the applicant chooses to reimburse at a rate in excess of the current state rate, per its agency policy, grant funds administered by the KGGP cannot be used to make up the difference.

Equipment

Equipment and hardware purchases may be allowed in limited circumstances, primarily for new staff positions or for the purpose of replacing broken or outdated equipment necessary to support the grant project. For purposes of this application and grant program, equipment is defined as assets with a useful life of one year or more and a cost of **\$5,000** or more.

Training

Training or conference attendance outside of the State of Kansas are generally not allowable unless necessary and essential to the grant project’s success. The applicant must demonstrate comparable training is not available in Kansas or the necessary training model is unavailable in the state.

Misuse of Grant Funds

Misuse of grant funds may result in a range of penalties, including suspension of current and future funds, recoupment of monies provided under a grant, and civil and/or criminal penalties.

Supplanting

CAC funds shall be used to supplement, **not** supplant, other federal, state, or local funds that would otherwise be available to assist children who are victims of physical or sexual abuse. The following guidelines should be used in determining the supplanting of funds. Although the examples provided below relate specifically to staffing scenarios, supplanting is not limited to personnel. Supplanting can occur in any budget line item if sufficient documentation cannot support that a CAC grant award has not replaced funds otherwise available for the same program or purpose.

Guidance Regarding Supplanting

Defined: To reduce federal, state, or local funds for an activity specifically because CAC grant funds are available (or expected to be available) to fund that same activity. CAC funds must be used to **supplement** existing federal, state, or local funds for program activities and may **not replace** federal, state, or local funds that have

been appropriated or allocated for the same purpose. Additionally, CAC funds may not replace federal, state, or local funding that is required by law. In instances where a question of supplanting arises, the applicant or grantee may be required to substantiate that the reduction in funding from other sources occurred for reasons other than the receipt or expected receipt of CAC funds.

Example 1 Organization A appropriated or otherwise secured funds in FY23 for salary and benefits for two family advocates. In FY23, Organization A is awarded CAC funds designated for the hiring of two additional family advocates. Organization A expended the CAC funds as intended, and now has four family advocates.

In this scenario, Organization A has used CAC funds to supplement existing funds for program activities. Thus, supplanting has **not** occurred. If any of the family advocates had left the organization during FY23 and Organization A did not follow established procedures to recruitment procedures to replace these advocates or utilized CAC funding for those positions for other purposes, supplanting **would** have occurred.

Example 2 Organization B appropriated or otherwise secured funds in FY22 for salary and benefits for two family advocates. Due to budget projections for FY23, Organization B expects to lay off one family advocate (facts that Organization B is able to substantiate). In FY23, Organization B is awarded CAC funds designated for the hiring of one additional family advocate. At the beginning of FY23, Organization B lays off one family advocate and uses CAC funds to continue the salary and benefits for the other family advocate.

In this scenario, Organization B will use CAC funds to pay the salary and benefits for the one family advocate who would have been laid off but for the availability of CAC funds. Therefore, supplanting has **not** occurred.

Example 3 Organization C appropriates or otherwise secures funds in FY23 for salary and benefits for two family advocates. Organization C plans to use CAC funds to pay the salaries of two additional family advocates. Subsequently, however, Organization C opts to use two current experienced employees for this effort and uses CAC funds to pay their salaries and benefits. In doing so, Organization C determined that the remaining employees could handle the services and did not attempt to backfill the positions.

In this scenario, by replacing existing funds with CAC funds, supplanting **has** occurred. Although Organization C may use experienced staff to fill the new CAC-funded family advocate positions, use of the CAC funds has not **supplemented** funds for program activities, but has **replaced** those funds through Organization C's decision not to hire replacements for staff designated for CAC-funded activities.

Grant Recipient Compliance and Reporting Requirements

Applicants awarded a CAC grant are expected to comply with the CAC Grant Program requirements set out in the grant assurances, reporting requirements, and any requirements arising as a result of a compliance review. The KGGP will conduct a compliance review of each CAC grant award. Failure to comply with these requirements may result in suspension or termination of grant funding.

In addition, grantees must maintain appropriate programmatic and financial records that fully disclose the amount and disposition of CAC funds. This includes, but is not limited to:

- Financial documentation for disbursements;
- Daily time and activity records specifying time and type of service devoted to allowable CAC activities;
- Grant project files;
- The portion of the grant project supplied by other sources of revenue;
- Job descriptions;
- Contracts for services;
- Statistical documentation; and
- Other records that facilitate an effective audit and grant analysis for compliance.

Agencies receiving a CAC grant are required to submit the following reports:

- Quarterly **Financial Status Report** provides fiscal information on expenditures made during the quarter. These reports are due 10 calendar days after the end of each quarter.
- Semi-annual **Grant Project Statistical Report** provides statistical information on children and families being served. These reports are due January 10 and July 10.
- Semi-annual **Grant Project Narrative Report** provides an anecdotal description of the activities and services provided with grant funds. These reports are due January 10 and July 10.
- The **Projection of Final Expenditures Report** is due April 10.
- Any other reporting procedures that may be required by the KGGP.

Agencies submitting late, incorrect, or incomplete reports will not receive payment until the next scheduled payments for grant programs. Repeatedly late reports, failure to submit reports or supporting documentation required by the grant assurances, or failure to respond to compliance review findings in the timeframe provided will result in the suspension of grant funds. The grantee must come into compliance with grant requirements before grant funds will be paid.

Copies of all financial and statistical supporting documentation must be maintained by the agency for a period of five years following the closeout of the grant award.
