Federal Family Violence Prevention and Services Act Grant Program

Overview

The following information defines eligibility and accountability criteria and sets forth requirements for application and administration of the Federal Family Violence Prevention and Services Act (FVPSA) pursuant to statutory authority under 42 U.S.C. §10401 *et seq.* The purpose of the FVPSA Grant Program is to assist Kansas in its efforts to support the establishment, maintenance, and expansion of programs and projects to: (1) prevent incidents of family violence, domestic violence, and dating violence; (2) provide immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; and (3) provide specialized services for children exposed to family violence, domestic violence, or dating violence, including victims who are members of underserved populations (45 C.F.R. §1370.10 (a)).

Grant funds are distributed to community-based nonprofit domestic violence organizations. The distribution of funds is based on a formula with special emphasis given to community-based nonprofit organizations whose primary purpose is to prevent incidents of family violence, domestic violence, and dating violence by providing immediate shelter and supportive services as defined below, including counseling, advocacy, and self-help services. All applicants must be accredited or be in the process of accreditation by the Kansas Coalition Against Sexual and Domestic Violence (KCSDV).

Domestic violence agencies are required to provide a 20 percent non-federal cash or in-kind match. **All funds designated as match are restricted to the same uses and requirements as the FVPSA grant funds and must be expended within the grant project period.**

Example:	Total Grant Project Cost	=\$50,000
	80% Federal Share	=\$40,000
	20% Local Share	=\$10,000

Funding Availability and Grant Project Period

The KGGP has not received its current federal FVPSA grant award amount. Therefore, the formula grant fund amount to determine what the agency may receive is not provided. The KGGP will extend the application due date, if necessary, once the grant award amount is determined. **Please do not submit the agency's application until you receive the funding allocation amount. Agencies should develop their budget request to maintain level funding to the best of their ability. To be considered for a Fiscal Year (FY) 2023 award, applicants must be in good standing with current grant awards.**

Grant projects funded by this FVPSA grant program shall be for a period of 12 months from July 1, 2022, to June 30, 2023. Any funds not expended by June 30, 2023, must be returned to the KGGP.

Grant Application Deadline

Grant applications must be submitted via the Grant Portal. The KGGP will announce the application due date later, based on Kansas receipt of the Federal FVPSA grant award information.

Use of Grant Funds

The 2022-2025 Kansas Implementation Plan was developed to help guide the direction of the Federal Family Violence Prevention and Services Act grant program. Applicants should review the [Kansas Implementation Plan](#) and ensure its FVPSA grant proposal reflects the guiding principle, critical priorities, and strategies.

Grant funds may be used to provide shelter, supportive services, or prevention services to adult and youth victims of family violence, domestic violence, or dating violence and their dependents including:

- Assistance in developing safety plans and supporting efforts of victims of family violence, domestic violence, or dating violence to make decisions related to their ongoing safety and well-being;

 - Assistance in accessing related federal and state financial assistance programs;
 - Legal advocacy to assist victims and their dependents;

- Provision of prevention services, including outreach to underserved populations.

Trauma-Informed Practices and Interventions

Applicants that receive FVPSA funds must ensure that effective interventions and trauma-informed practices are in place to build skills and capacities that contribute to the healthy, positive, and productive functioning of individuals and families. This includes addressing the impact of trauma, which can have a profound effect on the overall functioning of victims of family violence, domestic violence, dating violence, and their dependents.

Services also must be provided on a voluntary basis. No condition or inappropriate screening methods may be applied for receiving shelter or housing services.

Nondisclosure of Confidential or Private Information

Applicants that receive FVPSA funds must ensure the safety of adult, youth, and child victims of family violence, domestic violence, or dating violence and their families. It is essential that the confidentiality and privacy of such victims and their families be protected. Confidentiality policies and procedures must be established and implemented maintaining confidentiality of records pertaining to any individual provided domestic violence services by agencies receiving FVPSA funding. Consequently, regarding statistical data on program activities and services, individual identifiers of client records will not be used by the State or other FVPSA subgrantees; non-personally identifying information will only be shared in the aggregate.

Personally identifying information collected in connection with services requested shall not be disclosed. Personally identifying information shall not be revealed without informed, written, reasonably time-limited consent. Consent to release personally identifying information shall not be a condition of eligibility for services. Consent to release personally identifying information shall be given by an unemancipated minor and the minor's parent or guardian, or in the case of an individual with a guardian, it shall be given by the individual's guardian.

The address or location of any FVPSA supported shelter facility will, except with written authorization of the person or persons responsible for the operation of such shelter, not be made public (42 U.S.C. §10406(c)(5)(H)) and the confidentiality of records pertaining to any individual provided family violence services by any FVPSA-supported program will be strictly maintained (42 U.S.C. §10406(c)(5)).

Specific conditions on maintaining confidentiality according to federal laws and guidelines will be incorporated into the grant assurances and must be implemented.

Coordinated and Accessible Services

Coordinated and collaborative efforts are needed among victim services providers, community-based, culturally specific, and faith-based services providers, as well as others addressing family violence issues and underserved populations to provide responsive and effective services to victims, and their families, of family violence, domestic violence, and dating violence.

To serve victims most in need and to comply with federal law, services must be widely accessible. Applicants must not discriminate on the basis of age, sex, disability, race, color, national origin, or religion (42 U.S.C. §10406(c)(2)). No person shall, on the ground of actual or perceived sex, including gender identity, be excluded from participation in, be denied the benefits of, or be subject to discrimination under, any program or activity funded in whole or in part through FVPSA (45 C.F.R. §1370.5(a)). FVPSA subgrantees must provide comparable services to victims regardless of actual or perceived sex, including gender identity. This includes providing access to services for all victims, including male victims of family, domestic, and dating violence and not limiting services for victims with adolescent children (under the age of 18). Victims and their minor children must be sheltered or housed together unless requested otherwise by the victim (45 C.F.R. §1370.5(a)(1)).

However, no program or activity is required to include an individual in such program or activity without taking into consideration that individual's sex in those certain instances where sex is a bona fide occupational qualification or programmatic factor reasonably necessary to the essential operation of that particular program or activity. If sex segregation or sex-specific programming is essential to the normal or safe operation of the program, FVPSA subgrantees must provide comparable services to individuals who cannot be provided with the sex-segregated or sex-specific programming, including access to a comparable length of stay, supportive services, and transportation as needed to access services. An individual must be treated consistent with their gender identity (45 C.F.R. §1370.5(a)(2)), and as with all individuals served, transgender and gender nonconforming individuals must have equal access to FVPSA-funded shelter and nonresidential programs (45 C.F.R. §1370.5(a)(4)). The Federal Health and Human Services (HHS) Office for Civil Rights provides guidance in complying with these requirements. Please visit the HHS Office for Civil Rights website for federal guidance on [civil rights law compliance](#).

FVPSA subgrantees are required to take reasonable steps to provide services to persons with limited English proficiency (i.e., individuals who do not speak English as their primary language and who have a limited ability to read, write, speak, or understand English, including deaf and hard of hearing persons). The Federal HHS provides guidance on meeting the legal obligation to take reasonable steps to provide meaningful access to federally assisted programs by persons with limited English proficiency (LEP). Please visit the HHS Office for Civil Rights website for federal guidance on [LEP compliance](#).

All FVPSA-funded services must be provided without requiring documentation of immigration status since FVPSA-funded services do not fall within the definition of federal public benefit that would require verification of immigration status. The Federal HHS Office for Civil Rights provides guidance in complying with these requirements. Please visit the HHS Office for Civil Rights website for federal guidance on [serving immigrant victims](#).

Given the unique needs of victims of trafficking, FVPSA-funded programs are strongly encouraged to safely screen for and identify victims of human trafficking who are also victims or survivors of domestic violence or dating violence and provide services that support their unique needs (45 C.F.R. §1370.10(d)).

Definitions (42 U.S.C. 10402)

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. This reflects that definition found in Section 40002(a)(10) of the Violence Against Women Act (VAWA), as amended, 34 U.S.C. §12291(a). Dating violence also includes but is not limited to the physical, sexual, psychological, or emotional violence within a dating relationship, including stalking. It can occur in person or electronically and may involve financial abuse or other forms of manipulation which may occur between a current or former dating partner regardless of actual or perceived sexual orientation or gender identity.

Domestic Violence: Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of Kansas, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic violence or family violence laws of Kansas. This reflects the statutory definition of "domestic violence" found in Section 40002(a)(8) of the VAWA, as amended, 34 U.S.C. §12291(a). This definition also includes but is not limited to criminal or non-criminal acts constituting intimidation, control, coercion and coercive control, emotional and psychological abuse and behavior, expressive and psychological aggression, financial abuse, harassment, tormenting behavior, disturbing or alarming behavior, and additional acts recognized in other federal, tribal, state, and local laws as well as acts in other federal regulatory or sub-regulatory guidance. This definition applies to individuals and relationships regardless of actual or perceived sexual orientation or gender identity.

Family Violence: Any act or threatened act of violence, including any forceful detention of an individual that results or threatens to result in physical injury and is committed by a person against another individual, to or with whom such person is related by blood or marriage, or is or was otherwise legally related, or is or was lawfully residing.

Intimate Partner Violence: A term used interchangeably with *domestic violence* or *dating violence*.

Personally Identifying Information or Personal Information: Individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of

whether the information is encoded, encrypted, hashed, or otherwise protected, including a first and last name; a home or other physical address; contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number); a social security number, driver's license number, passport number, or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation, that would serve to identify any individual.

Primary Prevention: Strategies, policies, and programs to stop both first-time perpetration and first-time victimization. Primary prevention is stopping domestic and dating violence before they occur. Primary prevention includes, but is not limited to: school-based violence prevention curricula, programs aimed at mitigating the effects on children of witnessing domestic or dating violence, community campaigns designed to alter norms and values conducive to domestic or dating violence, worksite prevention programs, and training and education in parenting skills and self-esteem enhancement.

Secondary Prevention: Identifying risk factors or problems that may lead to future family, domestic, or dating violence, and taking the necessary actions to eliminate the risk factors and the potential problem, and may include, but are not limited to, healing services for children and youth who have been exposed to domestic or dating violence, home visiting programs for high-risk families, and screening programs in health care settings.

Shelter: The provision of temporary refuge in conjunction with supportive services in compliance with applicable State or tribal law or regulations governing the provision, on a regular basis, of shelter, safe homes, meals, and supportive services to victims of family violence, domestic violence, or dating violence, and their dependents. State and tribal law governing the provision of shelter and supportive services on a regular basis is interpreted to mean, for example, the laws and regulations applicable to zoning, fire safety, and other regular safety, and operational requirements, including state, tribal, or local regulatory standards for certifying domestic violence advocates who work in shelter. This definition also includes emergency shelter and immediate shelter, which may include housing provision, rental subsidies, temporary refuge, or lodging in properties that could be individual units for families and individuals (such as apartments) in multiple locations around a local jurisdiction, tribe/reservation, or state; such properties are not required to be owned, operated, or leased by the program. Temporary refuge includes a residential service, including shelter and off-site services such as hotel or motel vouchers or individual dwellings, which is not transitional or permanent housing, but must also provide comprehensive supportive services.

Supportive Services: Services for adult and youth victims of family violence, domestic violence, or dating violence, and their dependents that are designed to meet the needs of such victims and their dependents for short-term, transitional, or long-term safety and recovery. Support services include, but are not limited to: direct and/or referral-based advocacy on behalf of victims and their dependents; counseling; case management; employment services; referrals; transportation services; legal advocacy or assistance; child care services; health, behavioral health, and preventive health services; culturally and linguistically appropriate services; and other services that assist victims or their dependents in recovering from the effects of the violence. Supportive services also include but are not limited to other services

identified in FVPSA at 42 U.S.C. §10408(b)(1)(A-H). Supportive services may be directly provided by subgrantees and/or by providing advocacy or referrals to assist victims in accessing such services.

Underserved Populations: Populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, undeserved racial and ethnic populations and populations underserved because of special needs including language barriers, disabilities, immigration status, and age. Individuals with criminal histories due to victimization and individuals with substance use disorders and mental health issues are also included in this definition. The reference to racial and ethnic populations is primarily directed toward racial and ethnic minority groups as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. §300(u-6)(g)), which means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian American; Native Hawaiians and other Pacific Islanders; and Blacks and Hispanics. The term “Hispanic” or “Latino” means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish-speaking country.

Limitations on the Use of Grant Funds

FVPSA grant funds cannot be used for the following:

- Applying for this grant, fundraising, grant writing, lobbying, board development, or research projects, or for any training directed at any of these subject areas.
- Magazine subscriptions, printing, or disseminating agency newsletters, or membership dues or fees.
- Direct payments to any victim or dependent of a victim of family violence, domestic violence, or dating violence.
- Gift cards for victims or their dependents.
- Construction; land and/or property acquisitions; modifications to buildings, including minor renovations (such as painting or carpeting); or vehicle purchases are unallowable. This includes mortgage payments.

Food and Beverage

Purchasing food and/or beverages for any meeting, conference, training, or other event is not allowed. No food and/or beverages can be purchased with other funds constituting program income for a federal grant award. This restriction does not impact direct payment of per diem amounts to individuals in a travel status under the applicant’s travel policy.

Travel-Related Expenses

Grant project funds shall not be used to reimburse travel-related mileage and meal expenses in excess of the applicant’s approved policy rate or the current federal per diem rates, whichever is lower. If the applicant chooses to reimburse at a rate in excess of the current federal rate, per its agency policy, grant funds administered by the KGGP cannot be used to make up the difference.

Equipment

Grant project funds are not allowed to purchase equipment and hardware unless necessary and essential to providing services for victims of family violence, domestic violence, dating violence, and their dependent children. For purposes of this application and grant program, equipment is defined as assets with a useful life of one year or more and a cost of **\$5,000** or more.

Fringe Benefits

Grant project funds used for fringe benefit costs shall not be charged to the project at an amount exceeding the proportion of personnel costs supported by FVPSA funds.

Training

Grant project funds for training or conference attendance outside the State of Kansas are not allowed unless necessary and essential to the grant project's success. The applicant must demonstrate comparable training is not available in Kansas.

Income Eligibility

No income eligibility standard shall be imposed on individuals receiving assistance or services supported with FVPSA funds.

Misuse of Grant Funds

Misuse of grant funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under a grant, and civil and/or criminal penalties.

Supplanting

FVPSA funds shall be used to supplement, **not** supplant, other federal, state, or local funds that would otherwise be available for victims of family violence, domestic violence, dating violence, and their dependent children. The following guidelines should be used in determining the supplanting of funds. Although the examples provided below relate specifically to staffing scenarios, supplanting is not limited to personnel. Supplanting can occur in any budget line item if sufficient documentation cannot support that a FVPSA grant award has not replaced funds otherwise available for the same program or purpose.

Defined: To reduce federal, state, or local funds for an activity specifically because FVPSA funds are available (or expected to be available) to fund that same activity. FVPSA funds must be used to **supplement** existing funds for program activities and may **not replace** federal, state, or local funds that have been appropriated or allocated for the same purpose. Additionally, FVPSA funding may not replace federal, state, or local funding that is required by law. In instances where a question of supplanting arises, the applicant or subgrantee may be required to substantiate that the reduction in non-FVPSA resources occurred for reasons other than the receipt or expected receipt of FVPSA funds.

Example 1 Organization A appropriated or otherwise secured funds in FY23 for salary and benefits for 10 victim advocates. In FY23, Organization A is awarded FVPSA funds designated for the hiring of two additional victim advocates. Organization A expended the FVPSA award as intended, and now has 12 victim advocates.

In this scenario, Organization A has used FVPSA funds to supplement existing funds for program activities. Thus, supplanting has **not** occurred. If any of the victim advocates had left the organization during FY23 and Organization A did not follow established recruitment procedures to replace these advocates or utilized FVPSA funding for those positions for other purposes, supplanting **would** have occurred.

Example 2 Organization B appropriated or otherwise secured funds in FY22 for salary and benefits for 10 victim advocates. Due to budget projections for FY23, Organization B expects to lay off four victim advocates (facts that Organization B is able to substantiate). In FY23, Organization B is awarded FVPSA funds designated for hiring three additional victim advocates. At the beginning of FY23, Organization B lays off one victim advocate and uses FVPSA funds to continue the salary and benefits for the other three victim advocates.

In this scenario, Organization B will use FVPSA funds to pay the salary and benefits for three victim advocates who would have been laid off but for the availability of FVPSA funds. Therefore, supplanting has **not** occurred.

Example 3 Organization C appropriates or otherwise secures funds in FY23 for salary and benefits for 10 victim advocates. Organization C plans to use FVPSA funds to pay the salaries of two additional victim advocates. Subsequently, however, Organization C opts to use two current experienced employees for this effort and uses FVPSA funds to pay their salaries and benefits. In so doing, Organization C determines that the remaining employees could handle the services and does not attempt to backfill the positions.

In this scenario, by replacing existing funds with FVPSA funds, supplanting **has** occurred. Although Organization C may use experienced staff to fill the new FVPSA-funded victim advocate positions, use of the FVPSA funds has not **supplemented** funds for program activities, but has **replaced** those funds through Organization C's decision not to hire replacements for staff designated for FVPSA-funded activities.

Grant Recipient Compliance and Reporting Requirements

Applicants awarded a FVPSA grant are expected to comply with the FVPSA grant program requirements set out in the grant assurances, reporting requirements, and any requirements arising as a result of a compliance review. The KGGP will conduct a compliance review of each FVPSA

grant award. Failure to comply with these requirements may result in suspension or termination of grant funding.

In addition, subgrantees must comply with the provisions of the Federal Office of Management and Budget (OMB) Uniform Guidance for Federal Awards, [2 C.F.R. Part 200](#), and applicable administrative requirements, cost principles, and common rules as required by FVPSA, the U.S. Department of Health and Human Services, and the KGGP, which includes maintaining appropriate programmatic and financial records that fully disclose the amount and disposition of FVPSA funds. This includes, but is not limited to:

- Financial documentation for disbursements;
- Daily time and activity records specifying time and type of service devoted to allowable FVPSA activities;
- Grant project files;
- The portion of the grant project supplied by other sources of revenue;
- Job descriptions;
- Contracts for services;
- Statistical documentation; and
- Other records that facilitate an effective audit and grant analysis for compliance.

Agencies receiving a FVPSA grant are required to submit the following reports:

- The **Five Most Highly Compensated Officers Report** must be submitted to open the award.
- Monthly **Financial Status Report** provides fiscal information on expenditures made during the month. Monthly reimbursements are made based on these expenditure reports. These reports are due 25 calendar days after the end of each month.
- The **Grant Project Narrative Report** provides a narrative description of the activities and services provided with grant project funds. The report is due July 25.
- The **Projection of Final Expenditures Report** is due April 25.
- The **Annual Performance Report** provides outcomes of domestic violence victims served and is due October 25.
- Any other reporting procedures that may be required by the federal government or the KGGP.

Agencies submitting late, incorrect, or incomplete reports will not receive payment until the next scheduled payments for grant programs. Repeatedly late reports, failure to submit reports or supporting documentation required by the grant assurances, or failure to respond to compliance review findings in the timeframe provided will result in the suspension of grant funds. The subgrantee must be in compliance with grant requirements before grant funds will be paid.

Copies of all financial and statistical supporting documentation must be maintained by the agency for a period of five years following the closeout of the grant award.

Review of Applications

Applications will be reviewed by KGGP staff on the following criteria:
