Federal Sexual Assault Services Grant Program Guidelines

Overview

The following information provides guidelines for the Federal Sexual Assault Services Grant Program (SASP). The SASP is authorized by 34 U.S.C. §12511 and was created by the Federal Violence Against Women and Department of Justice Reauthorization Act of 2005 and subsequent Reauthorization Acts. The purpose of SASP is to provide intervention, advocacy, accompaniment (e.g., accompanying victims to court, medical facilities, police departments), support services, and related assistance to adult, youth, and child victims of sexual assault; family and household members of sexual assault victims; and those collaterally affected by the sexual assault victimization.

This grant program recognizes the need to place increased focus on sexual assault, rape, sex trafficking, and other severe forms of trafficking in persons who have also experienced sexual assault in order to address the lack of available direct intervention and related assistance services and the unique aspects of sexual assault trauma. Women and men of all ages, as well as children, can be victims of sexual assault. The perpetrator can be a relative, acquaintance (e.g., boyfriend/girlfriend, friend, coworker, neighbor), or stranger.

To heal from the trauma, survivors often need support from family and friends, as well as critical direct intervention and related assistance provided by victim-centered social service organizations such as rape crisis centers, through 24-hour sexual assault hotlines, crisis intervention, and medical and criminal justice accompaniment. The SASP supports these services by assisting with the establishment, maintenance, and expansion of rape/sexual assault crisis centers and other nongovernmental or tribal programs dedicated to assisting those affected by sexual assault.

Requirement

If funded, organizations will be required to implement a policy regarding response to workplace-related incidents of sexual misconduct, domestic violence, and dating violence involving an employee, volunteer, consultant, or contractor. Upon request, Subgrantees will be required to provide a copy of the policy to KGGP staff. Additional information can be found here: <https://www.justice.gov/ovw/page/file/1295756/download>.

Funding Availability and Grant Project Period

The amount of funds available for grant awards is approximately **\$865,000**. Grant projects funded under SASP shall be for a period of 12 months from January 1, 2024, to December 31, 2024. Any funds not obligated by December 31, 2024, must be returned to the KGGP.

Grant Application Deadline

Grant applications must be submitted via the Grant Portal **by 11:59 p.m. December 12, 2023**.

Kansas Implementation Plan

The 2022-2025 Kansas Implementation Plan was developed to help guide the direction of the SASP grant program. Applicants should review the [Kansas Implementation Plan](#) and ensure its SASP grant proposal reflects the guiding principle, critical priorities, and strategies.

Use of Grant Funds

Available grant funds may be awarded to rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs for programs and activities that provide rape and sexual assault services for the defined grant project purposes to victims without regard to the age of the individual. Organizations must serve all sexual assault victims seeking services regardless of age.

All applicants must be accredited or be in the process of accreditation by the Kansas Coalition Against Sexual and Domestic Violence (KCSDV). As a result, providers such as child advocacy centers whose mission is to serve children, are presumed ineligible for SASP funds unless documentation can be provided to demonstrate that the organization serves all ages and is accredited by KCSDV. Nonprofit organizations must be registered with the Kansas Secretary of State and have proof of exempt status as determined by the Internal Revenue Service.

Grant funds will be awarded to provide direct intervention and related assistance that may include:

- 24-hour crisis intervention services and referrals;
- Accompaniment and advocacy through medical, criminal justice, and social support systems, including medical facilities, law enforcement, and court proceedings;
- Crisis intervention, short-term individual and group support services, and comprehensive service coordination and supervision to assist sexual assault victims and family or household members;
- Information and referral to assist sexual assault victims and family or household members;
- Community-based, culturally specific services and support mechanisms, including outreach activities for underserved communities; and
- Development and distribution of materials regarding issues related to the services described above.

Priority will be given to applicants that are rape/sexual assault crisis centers providing direct intervention and related assistance to victims/survivors; to dual programs that provide sexual assault and domestic violence services to enhance the provision of direct intervention and related assistance services tailored for victims of sexual assault; and for projects that increase support for underserved populations.

Applicants are encouraged to allocate grant funds to support activities that help to ensure individuals with disabilities and persons with limited English proficiency or are Deaf or hard of hearing have meaningful and full access to programs and services. Applicants proposing to use grant funds to create materials must ensure they are accessible to persons with disabilities.

NOTE: Organizations may provide sex-segregated or sex-specific programming if doing so is necessary to the essential operations of the program, as long as the organization provides comparable services to those who cannot be provided with the sex-segregated or sex-specific programming.

Limitations on the Use of Grant Funds

SASP grant funds cannot be used for the following:

- Sexual assault forensic examiner (SANE) projects or programs;
- Sexual assault response team (SART) projects or coordination;
- Providing domestic violence services unrelated to sexual violence;
- Criminal justice-related projects or activities, including law enforcement, prosecution, courts, or forensic interviews;
- Prevention efforts and public education;
- Education programs in schools;
- Training of allied professionals and/or communities;
- Lobbying;
- Fundraising (including grant writing);
- Research projects;
- Applying for, auditing, or administering this grant; grant writing; board development; or for any training directed at any of these subject areas;
- Magazine subscriptions, printing or disseminating agency newsletters, or membership dues or fees;
- Construction; land and/or property acquisitions; modifications to buildings, including minor renovations (such as painting or carpeting); or vehicle purchases. (This includes mortgage payments); or
- Providing direct payment to any victim or dependent of a victim. SASP funds can, however, be used to provide direct assistance to victims for intervention and related assistance for costs related to the sexual assault.

Food and Beverages

Purchasing food and/or beverages for any meeting, conference, training, or other event is not allowed. No food and/or beverages can be purchased with other funds that would constitute program income for a federal grant award. This restriction does not impact direct payment of per diem amounts to staff in a travel status under the applicant's travel policy.

Travel-Related Expenses

Grant project funds shall not be used to reimburse travel-related mileage and meal expenses in excess of the applicant's approved policy rate or the current federal per diem rates, whichever is lower. If the applicant chooses to reimburse at a rate in excess of the current federal rate, per its agency policy, grant funds administered by the KGGP cannot be used to make up the difference.

Equipment

Grant project funds are not allowed to purchase equipment and hardware unless necessary and essential to the grant project's success. For purposes of this application and grant program, equipment is defined as assets with a useful life of one year or more and a unit cost of **\$5,000** or more.

Fringe Benefits

Grant project funds used for fringe benefit costs shall not be charged to the project at an amount exceeding the proportion of personnel costs supported by SASP funds.

Training

Grant project funds for training or conference attendance outside the State of Kansas are not allowed unless necessary and essential to the grant project's success. The applicant must demonstrate comparable training is not available in Kansas.

Activities that Compromise Victim Safety

Ensuring victim safety is a guiding principle underlying the SASP grant. Experience shows responses by the authorities may have the effect of minimizing or trivializing the offender's criminal behavior. Consistent with the SASP goals of ensuring victim safety while holding perpetrators accountable for the criminal conduct, the Office on Violence Against Women does not fund activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Such activities include:

- Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, income or lack of income, or the age and/or gender of their children;
- Procedures or policies that compromise the confidentiality of information and/or privacy of persons receiving services;
- Procedures or policies that require victims to take certain actions in order to receive services (e.g. seek an order of protection, receive counseling, participate in couples counseling or mediation, report to law enforcement, seek civil or criminal remedies, etc.);
- Procedures or policies that fail to include conducting safety planning with victims;
- Project design and budget that fail to account for the access needs of participants with disabilities and participants who have limited English proficiency or who are Deaf or hard of hearing; and
- Materials that are not tailored to the dynamics of sexual assault or the culturally specific population to be served.

Misuse of grant funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under a grant, and civil and/or criminal penalties.

Supplanting

SASP funds shall be used to supplement, **not** supplant, other federal, state, or local funds that would otherwise be available for victims of sexual assault. The following guidelines should be used in determining the supplanting of funds. Although the examples provided below relate specifically to staffing scenarios, supplanting is not limited to personnel. Supplanting can occur in any budget line item if sufficient documentation cannot support that a SASP grant award has not replaced funds otherwise available for the same program or purpose.

Defined: To reduce federal, state, or local funds for an activity specifically because SASP grant funds are available (or expected to be available) to fund that same activity. SASP funds must be used to **supplement** existing federal, state, or local funds for program activities and may **not replace** federal, state, or local funds that have been appropriated or allocated for the same purpose. Additionally, SASP funding may not replace federal, state, or local funding that is required by law. In instances where a question of supplanting arises, the applicant or grantee may be required to substantiate that the reduction in non-SASP resources occurred for reasons other than the receipt or expected receipt of SASP funds.

Grant Recipient Compliance and Reporting Requirements

Applicants awarded SASP funds are expected to comply with the SASP grant program requirements set out in the grant assurances, reporting requirements, and any requirements arising as a result of a compliance review. The KGGP will conduct a compliance review of each SASP award. Failure to comply with these requirements may result in suspension or termination of grant funding.

In addition, subgrantees must comply with the provisions of the Federal Office of Management and Budget (OMB) Uniform Guidance for Federal Awards, [2 C.F.R. Part 200](#), and the U.S. Department of Justice (DOJ) [DOJ Grants Financial Guide](#) which includes maintaining appropriate programmatic and financial records that fully disclose the amount and disposition of SASP funds. This includes, but is not limited to:

- Financial documentation for disbursements;
- Daily time and activity records specifying time and type of service devoted to allowable SASP activities;
- Grant project files;
- The portion of the grant project supplied by other sources of revenue;
- Job descriptions;
- Contracts for services;
- Statistical documentation; and
- Other records that facilitate an effective audit, and grant analysis for compliance.

Agencies receiving a SASP grant are required to submit the following certification and reports:

- Copy of the current **Equal Employment Opportunity Plan Certification** verifying such has been submitted to the U.S. Department of Justice, Office of Justice Programs, Office for Civil Rights.
- **Five Most Highly Compensated Officers Certification** must be submitted to open the award.
- Monthly **Financial Status Report** provides fiscal information on expenditures made during the month. Monthly reimbursements are made based on these expenditure reports. These reports are due 20 calendar days after the end of each month.
- The **Grant Project Narrative Report** provides a narrative description of the activities and services provided with grant funds. The report is due January 20, 2025.
- The **Projection of Final Expenditures Report** is due October 20, 2024.
- The **Annual Progress Report** is due 20 days following the end of the grant project period.

Any other reports that may be required by the federal government or the KGGP.

Agencies submitting late, incorrect, or incomplete reports will not receive payment until the next scheduled payments for grant programs. Repeatedly late reports, failure to submit reports or supporting documentation required by the grant assurances, or failure to respond to compliance review findings in the timeframe provided will result in the suspension of grant funds. The subgrantee must come into compliance with grant requirements before grant funds will be paid.

Copies of all financial and statistical supporting documentation must be maintained by the agency for a period of five years following the closeout of the grant award.

be addressed in the grant application and site the source of the data provided. Describe how the grant funds will address the problem. If the applicant is comparing local data to state or national data, include information establishing the need locally or describing why the local community is limited in resources to address the problem.

Justification of Need for Grant Funds/Increase Request

Applicants must explain why SASP funds are needed to support the grant project. This justification must tie the financial need to the described problem statement and needs assessment. If the applicant received a 2023 SASP award, explain why grant funds are needed to support the continuation of the project and why other funds are not available to sustain the project. In addition, if the applicant is requesting a new budget line item or funding increase to line items from the previous grant award, explain the need for additional funds and what additional activities and/or services will be provided. Describe how the increase or addition of the new line item(s) is not supplanting other funds, per the definition in Supplanting section of application. If the expenses are existing agency costs or activities, the non-supplanting explanation must include a description of how they were previously supported and why that support cannot continue to be utilized. The applicant must ensure any request for additional funds outlined in the Project Narrative corresponds to the grant project budget submitted. The applicant should state whether other funds have been sought to support the program and describe the outcome of those efforts.

Grant Project Goal(s) and Objectives

State the goal(s) of the proposed grant project. This should not be the goals of the agency but should be specific to the proposed SASP-supported project. The goals for the grant project should be consistent with the mission and overall goals of the agency, as well as the results of the needs assessment.

List the objectives to be accomplished to achieve each goal listed. Objectives should be specific, measurable, realistic, and consistent with the goals of the grant project and cover a single event or outcome. Include the activities for each objective and explain how each objective will be measured. The applicant should incorporate the Kansas Implementation Plan Guiding Principle, critical priorities, and strategies found on pages 22 through 27 of the Plan, to the extent possible. Specifically identify any evidence-based programs and/or practices being incorporated into the proposed objectives and activities.

Example (follow the format below):

Goal I: Increase availability of direct services for victims of sexual assault in Shawnee County.

Objective	Activities / Time Frame	Person Responsible
1. Conduct community outreach with at least five partners.	1a. Hire additional Sexual Assault Victim Advocate by February 15, 2024. 1b. Contact system- and community-based agencies who work with victims for	1a. Executive Director and current Sexual Assault Victim Advocate 1b. Sexual Assault Victim Advocate I and II

	relationship building and collaboration regarding services and ways to partner and best serve victims via in-person meetings, phone calls, and/or email. February 15 - December 31, 2024	
2. At least 100 victims of sexual assault will receive an initial face to face meeting as requested by the victim.	2. Victims will be contacted by an advocate to assess their safety and service needs, including any accommodations needed to access services. January 1 - December 31, 2024	2. Sexual Assault Victim Advocate I and II
3. The number of sexual assault victims served will increase by at least 25% from the prior year.	3. Following the initial face to face meeting, victims will receive requested services. January 1 - December 31, 2024	3. Sexual Assault Victim Advocate I and II
<p>The example Goal/Objectives/Activities incorporates the Guiding Principle by requiring both the current and new Sexual Assault Victim Advocates to cross-train with community partners to educate about the increase in services and to understand how to work together to address sexual assault. Priority 1 is addressed by Activity 2, ensuring that victims are offered the accommodations they need to access services. Priority 2 and Strategy 1 are addressed by increasing the number of victims serviced by adding a victim advocate position.</p>
